

MERMAID'S GARDEN CSF SHAREHOLDER AGREEMENT

PLEASE READ THE FOLLOWING SECTIONS CAREFULLY. SIGNING UP MEANS THAT YOU FULLY AGREE TO THESE TERMS.

- All payments are accepted via Farmigo. You will receive an email confirmation of your sign-up.
- There are currently 2 types of fish shares: Half Share (feeds 2 people once a week), and Full Share (feeds 4 once a week or 2 twice.) All shares are filleted fish. Shellfish and whole fish options will be made available during each season.
- Whole fish will be scaled and gutted. For filleted fish, we cannot guarantee that every fillet is 100% boneless.
- We will provide you with a cold pack at your first pick-up. After that you are responsible for bringing it back. Your fish will be maintained at the proper temperature during fishing, processing, delivery and distribution. Mermaid's Garden is not responsible for what happens to your share after you pick it up. Please consider carrying your fish in a small cooler or insulated bag if you are far from home or your fish isn't going straight into your fridge. Seafood needs to be kept cold, so plan your post pick-up schedule accordingly.
- If you cannot make your scheduled pick up, please get someone to pick up your share. If someone else is picking up your share, make sure they know have your full name when they pick up. If you are going out of town you can request a vacation hold. All holds must be placed no later than the Monday proceeding the held pick-up.
- Any unclaimed shares after the site's pick-up deadline will become property of the Mermaid's Garden. If for whatever reason you miss your scheduled pick up, we cannot make up that missed share.

Missed deliveries on our part

If a delivery is canceled because of hazardous weather conditions or other extenuating circumstances, you will be notified by email. We can only compensate you for a missed share if we are at fault for the missed delivery.
